The Hanford Lampoon

Bathed in irreverence and pretense!

Issue 4 Volume 1

'Tis the season to find out just how much damage you can inflict on someone working seasonally for minimum wage! Thank goodness we have 2 day shipping now, we wouldn't want those factory workers having any breaks from their sorting. Remember, Christmas is a pagan idea anyway, and they didn't say anything about inflicting severe physical and emotional trauma on workers in their holy books. Jeff Bezos needs your support this holiday season. Make sure your gifts are from Amazon and your consumerism comes at the expense of someone worse off than you.

Top 5 Best Christmas Gifts: For giving and receiving

- 1) *Accepting Ugly— How to live your best life.* This is a self-help smash-hit for anyone struggling with another lonely Christmas
- 2) An ice cold Coca-Cola— Rated #1 in Plastics that make it to the ocean. Now that's global impact!
- 3) Papa Roach on Vinyl. Guaranteed to get you a kiss under the mistletoe. *
- 4) A bottle of your tears for the one person that ghosted you in science class in October that you still can't get over
- 5) I'm not sure if 'lingerie' is a word I'm allowed to say? The newspaper said something about hooking up one time, also, Morse v. Frederick??*

Asterisk indicates a perfect gift for the whole family to enjoy

So, you got a luxury fashion item for Christmas

- 1) Wear whatever it is to school so your classmates know that your SAT score is higher than theirs. Good thing the College Board is working hard to make a test that will most likely continue its complete objectivity in measurement of wealth!
- 2) Send me a \$6,000 sweater and I'll figure out the next step

Not celebrating Christmas this year?

Here are some fun alternatives:

- Listening to Mariah Carey's less well known hit, "All I Want for St. Lucia day is Pickled Herring and someone to say I'm pretty"
- Taking advantage of the roads being free of traffic by role-playing the Brits and driving on the left side of the road. "Oi chav you're a nutter!"

Do you know someone who uses metal straws? Someone who says "save the turtles" and finds Greta Thunberg inspiring, while they wear clothes shipped thousands of miles and run their car in the parking lot when they're cold? You should get them the gift everyone is raving about this year! It's nihilism! Why bother with pesky ideals and being called 'hypocritical' for 'committing environmental atrocities' when you could be as shallow as Hugh Hefner's morals? It's really a no-brainer to accept that nothing matters and ultimately we will all atone for our sins in an inferno of our own creation— and that's not including the afterlife!
